

R-SERIES

SPECIFICATIONS

REINVENTING THE CLASSIC - The R5 makes no compromises as a race machine first and foremost. Team Dimension Data's World Tour riders praise its new pro fit, stable and responsive handling, performance-enhancing comfort, and unrivalled stiffness and lightweight design made possible by innovative new Squoval Max tube shapes. Bernie Eisel calls it "the perfect bike for stage racing," with Omar Fraile demonstrating as much by powering it to glory in the 100th Giro d'Italia. VeloNews, meanwhile, calls the R5 "an excellent race bike that trades on its phenomenal handling."
